

Apply For An NPI Number

You will first need to get an NPI Number (National Provider Identification Number) before you can apply to be a Provider of Services for a government or insurance program.

To obtain your National Provider Identifier, go to the below website or call customer service at 800.465.3203. Questions about the status of an NPI Application may be emailed to customerservice@NPIEnumerator.com.

Visit this website: <https://nppes.cms.hhs.gov/?forward=static.npistart#/>

You will FIRST need to create an Identity & Access Management System (I&A) account before you can apply for your NPI number. Click on "Create Or Manage an Account" and follow the instructions to create an I&A account.

Then: Apply for the Healthcare Organization NPI and click "I am an Employee of the Provider" when it pops up.

Then you will need the following information to fill out the application:

Information Required for Organizations

Organization Name

Employer Identification Number (EIN)

Name of Authorized Official for the Organization

Phone Number of Authorized Official for the Organization

Organization Mailing Address

Practice Location Address and Phone Number

Taxonomy (Provider Type): **In Home Supportive Care - 253Z00000X**

Contact Person Name

Contact Person Phone Number and E-mail

Do not report an SSN or IRS TIN in the EIN field

The application will take 2-4 days to process. You will receive an NPI number back via email if you apply online.
